How to play on paper

1. Cut along the dashed lines and shuffle the cards face down. Mix all the packs, or keep to one for the night.
2. Give everyone a pen and some paper, and print the score sheet or draw one.
3. One person reads a card out. Everyone writes an answer in secret, then you all reveal together.
4. Everyone who wrote the most common answer ticks a cow on the score sheet.
5. If exactly one player wrote an answer nobody else did, they take the Odd One Out card. Nobody can win while holding it.
6. First to eight cows wins.

Cut along the dashed lines. Cards print black on white, eight to a page, with the pack name in the top corner of each card. Print only the pages you want: the contents above lists where each pack starts.
